

# Store Awards 2024: Nominate your favorite apps & games in the Microsoft Store on Windows

Please help app developers by nominating for recognition the best non-Microsoft apps and games in the Microsoft Store on Windows!

What's a great app? We want to look at apps both big and small, by huge brands and also by individuals and indie developers. We want to see nominated apps that will inspire others to build beautiful and useful apps for Windows. We want to recognize the Windows apps that you use every day, and which help make your life easier or better.

To qualify, the app or game must be publicly available within the Microsoft Store as of September 15, 2024.

If you wish to nominate multiple apps, please submit one separate form per app

Developers, feel free to share this nomination form with your customers!
